

## **PROJECT NEWS**

In late October we (Bill & Brenda) evaluated the camp buildings and grounds. Adam & Becky also gave us valuable input. A two page project list was drawn up and presented to the GBC board early in November. These projects were scheduled to be completed over the winter and spring months before the 2009 camping season. In late November, termites were discovered in the mission house where the Bennetts live. The absence of gutters on the house promoted this problem. A closer look at the house revealed rotting siding and windows, largely due to the absence of gutters. SO...the two page project list has been put aside while immediate attention is being given to the house. (Now you know why the Mullins' are so desperately needed!) New windows and siding are currently being installed on the house by Bill and volunteers. (thanks Adam, Tom & Kevin) The work is slow and challenging, but progressing.

## **2009 GBC MINISTRIES**

They include a marriage retreat, area fellowship, scrapbooking retreat, Beth Moore ladies retreat, teen retreat, young women's retreat, Super Saturday, and men's outdoor weekend. Besides AMF sponsored activities, GBC has several rentals scheduled. From the first of March until the first of June, almost every weekend is booked. From the first of June until the first of August, almost every day is booked. Adam is doing a wonderful job with our website. Your prayers, financial gifts, and volunteer help are greatly appreciated. God is in control and He has a plan. We look forward to seeing what all He has planned for 2009. But my God shall supply all your need (and ours) ACCORDING to His riches in glory by Christ Jesus. Philippians 4:19.
